

# UNMISS able experiences

Because school  
means *more*

DERBY CITY  
INCLUSION  
PARTNERSHIP

Working with schools in Derby city, the Inclusion Partnership is inspiring children, parents and carers about the **UNMISSable** impact that school has on pupils' lives.

When you're a bit nervous, school provides the support you need. When you're feeling lonely, school is where new friends are found and memories are made. When you're stressed, school understands and reassures you.

And when the tiredness starts to creep in, it has the exciting activities, extraordinary experiences and endless laughs that never fail to make you feel better.

School has the power to amaze, involve, prepare and reassure - it can change everything!

Whether it's levelling up your day or building skills that will stay with you forever – magic things happen when you pass through those school gates each morning.

Because school  
means *more*

We're super excited to share the full media campaign soon.
